

## People Details: John L. Wilkin

John L. Wilkin  
Associate  
Professor

Coastal Ocean Modeling  
and Prediction

email:

phone: 732-932-6555 x. 251

Education: Ph.D., MIT/Woods Hole Oceanographic Institution

Research Interests: Coastal ocean forecasting; variational methods for data assimilation, re-analysis and ocean observing system design; Mesoscale satellite remote sensing; physical-biological interactions on the continental shelf; oceanography of the Mid-Atlantic Bight.

Personal Page: Teaching, Research, Publications and Contact details at my Personal page

Research Lab: Coastal Ocean Modeling and Prediction

Regional Ocean Modeling System (ROMS)

Coastal Ocean Observation Lab
