National Estuarine Research Reserve (JC NERR)*

Teach the NJ Pinelands

March 16, 2010 9:00-2:30 pm

Workshop for Educators featuring Seasons of the Pines images

This five hour workshop includes valuable instruction on teaching about the Pinelands and brainstorming ideas for educators to use the curriculum kit materials in their classroom.

Educators will receive a curriculum guide with correlating NJ Core Curriculum Content Standards, plus Project Learning Tree activities, and detailed information for educators to use for each image on the CD.

This workshop includes:

- Interactive Seasons of the Pines CD
- Autographed Seasons of the Pines book
- NJ Pinelands Image Locator Map
- Project Learning Tree: Sense of Place in the NJ Pinelands– Case Study
- Canvas Bag with Pine Barrens Tree Frog
- Professional Development Certificate

Cost \$40 Register by 3/5/10

Featuring:

An **interactive CD slideshow** with more than 50 fascinating nature photographs representing a virtual tour of the Pinelands National Reserve with inspirational captions designed to evoke lively classroom discussions.

A **NJ Pinelands Map** depicting its forests and historical places and numbered associations with the CD photographs designed for student group activity.

Program segments for use several times during the school year: Autumn, Winter, and summer
