Recommendation Form

Student Name: _____

Dear Colleague,

The above student is applying for a summer internship which provides research opportunities to promising undergraduates with interests in marine sciences, engineering, geology, biology, physics, or mathematics. We provide this form to guide your assessment of this student for the program. We encourage you to attach your own letter to provide more detailed information. This letter is confidential and should be mailed directly to the Institute of Marine and Coastal Sciences or sent as an email attachment. Thank you very much for your time.

Sincerely,
The RIOS Committee

- 1) Under what circumstances, and for how long, have you known the applicant?
- 2) On a 1 to 10 scale, with 10 being the absolute best, please rate the applicant relative to other students you've known with a similar background.
- 3) Please comment on the personal characteristics of the applicant with regard to maturity, motivation, etc., particularly in how these areas relate to the applicant's promise in science.
- 4) Please comment on how a summer research experience might help this applicant.
